State of Rhode Island, Etc.

I, Charles P. Bennett, Secretary of State, hereby certify that Walter Hidden, Howard Hoppin, Abram Barker, Charles L. A. Heiser and Edward Martin Guild have filed in the office of the Secretary of State, according to law, their agreement to form a corporation under the name of

AGAWAM HUNT

for the purpose of encouraging out-of-door sports and social culture in accordance with law, and have also filed the certificate of the General Treasurer that they have paid into the general treasury of the State the fee required by law.

WITNESS my hand and the seal of the State of Rhode Island, this 30th day of March in the year 1897.

CHARLES P. BENNETT,
Secretary of State.

CONSTITUTION

ARTICLE I.—NAME

This club shall be called the “AGAWAM HUNT.”

ARTICLE II.—OBJECT

The “AGAWAM HUNT” is organized to encourage and furnish for its members out-of-door sports, and social intercourse, incidental to the same.

ARTICLE III.—MANAGEMENT

Section 1. The business affairs and property of the Club shall be under the control and management of a Board of Governors composed of the President and six members of the Club elected as hereinafter provided.

OF THE PRESIDENT

Section 2. The President shall be elected at the regular annual meeting of the Club and shall serve for one year or until his successor is elected. He shall be *ex officio* a member and Chairman of the Board of Governors; he shall preside at all meetings

of the Club and of the Board of Governors and possess the powers and perform the duties usually incident to his office.

OF THE BOARD OF GOVERNORS

Section 3. At the annual election in March, 1900, six members of the Club shall be elected Governors, two of whom shall be elected to serve one year, two for two years, and two for three years, and thereafter at each annual meeting two Governors shall be elected who shall serve for three years or until their successors are elected.

At the first meeting of the Board of Governors after the annual election they shall elect from their own number a Vice-President, a Secretary and a Treasurer, who shall possess the powers and perform the duties usually incident to these offices. The Board of Governors shall have entire charge of the Club, its property and management, it shall elect all members, appoint all committees, delegating to them such powers as it shall see fit, fill all vacancies occurring during the year in the offices of the Club or their own numbers, such appointments to be only until the next annual meeting, and from time to time shall adopt

by-laws for its own government and the government of the Club not inconsistent with this constitution. Four members shall constitute a quorum of the Board of Governors for the transaction of business.

ELECTION OF OFFICERS

Section 4. No person shall be eligible for election to any office at any meeting of the Club, unless his name shall have been proposed in writing to the Secretary as a candidate by five resident members of the Club, and posted on the bulletin-board, with the names of his proposers, for at least ten days before such meeting; but this article shall not apply to officers elected to fill vacancies caused by the removal of officers, as provided in Section 3 of this article.

ARTICLE IV.—MEMBERSHIP

Section 1. There shall be three classes of membership: life, resident and non-resident. Any member whose name shall have been on the resident list of the Club for ten (10) consecutive years, shall be entitled to become a life member upon the payment of Six Hundred Dollars (\$600); provided that the number of life members of the Club at any time shall not exceed fifty (50). When-

ever a member becomes a life member, a vacancy in the resident membership shall be created thereby. Life members shall have the rights and privileges and be subject to all the penalties of resident members, but shall not be counted in the limit of resident membership, and shall be forever exempt from all annual dues. The resident membership shall be limited to five hundred (500) or such larger number up to six hundred (600) as the Board of Governors shall set from time to time by resolution, provided, however, that the Board of Governors may increase the limit only at times when the waiting list warrants such action. This limitation, however, shall not at any time prevent non-resident members from becoming resident members nor the election of former members of the Club to membership. But if, by reason of the transfer of a non-resident member or the election of a former member, the resident membership shall equal or exceed the limit in effect at the time, then no resident member or members shall be elected until the total number of resident members shall again fall below the limit of membership as set by the Board of Governors. Any per-

son residing more than twenty (20) miles from the City of Providence may become a non-resident member of the Club; provided, however, that non-resident members shall have been proposed, balloted for and elected in the same manner as resident members. Non-resident members shall hold no office in the Club and shall have no vote or voice in its meetings. Living for four (4) or more consecutive months within the twenty (20) mile limit shall be considered evidence of residence within the meaning of this Section. When a non-resident member shall, by change of residence, become liable to the charges of resident membership, such member may, on application to the Board of Governors, permission being given by the Board, and payment of the difference between the amount paid by such member as entrance fee and the amount of entrance fee for resident membership, and the difference between resident and non-resident dues from the date of his or her transfer, at the time of such application for transfer, become a resident member. If, however, such member shall fail to make such application, or to pay the difference between

such entrance fee, such member shall not be entitled to any of the privileges of the Club, so long as he or she shall remain liable to the charges of resident membership. When a resident member shall change his or her residence to a point beyond the twenty (20) mile limit, such member may, on written application to the Board of Governors, be transferred to non-resident membership as of the date next following when the semi-annual dues become payable, and shall then become a non-resident member, shall pay non-resident dues, and have only the privileges of non-resident membership. Any person shall be eligible for membership who is over seventeen (17) years of age. Persons not seventeen (17) years of age may be admitted to the privileges of the Club under such rules and regulations as the Board of Governors may prescribe.

Section 2. Any candidate for membership must be proposed and seconded in writing by two members of the Club, each of whom shall have written a letter to the Secretary, stating the qualifications of such person, and may become a member upon unanimous election by the members of the Board of Governors present at any meeting,

and payment of entrance fee and annual dues as hereinafter provided. No candidate for membership, however, shall be voted upon unless such candidate be personally known to at least one member of the Board of Governors present at the time of the consideration of such name.

Section 3. Names of candidates for membership must be sent with names of proposer and seconder in writing to the Secretary, whose duty it shall be to present same to the Board of Governors and upon their approval post same for one week in the Club-House prior to the time of their election.

Section 4. The Board of Governors may, by a six-sevenths vote of its members, suspend any member of the Club for such time as they may deem fit, or expel him or her altogether, but such member shall have at least ten days' notice of any proposition to expel or suspend said member, together with a copy of the charges preferred against him, shall be entitled to be heard by the Board and to produce before the Board such evidence in his or her defence as may be desired, before final action is taken; and the Board shall, upon written

complaint against any member, addressed to the President, and signed by ten members of the Club, not also members of the Board, at a special meeting of the Board called by the President for the purpose, after giving at least ten days' notice to the complainants and to the accused, and furnishing the accused with a copy of the complaint, with the names of the complainants, at least ten days previous to the hearing, hear such evidence as the complainants have to offer, and the defence of the accused, and upon consideration of the same they may suspend or expel the member, subject to an appeal to the Club by the member so suspended or expelled.

Section 5. Any member suspended or expelled from the Club by a decision of the Board of Governors, may appeal therefrom to a special meeting of the Club, which the President shall call on the written request of ten members of the Club, not also members of the Board. And at such meeting, after a hearing given to both parties, the Club may, provided a majority of the members of the Club be present in person or by proxy, by a two-thirds vote of those so pres-

ent, reverse the decision of the Board of Governors and reinstate the member.

Section 6. The Board of Governors shall accept the resignation of a member, to take effect from the date of its presentation, provided the Treasurer certifies that all his or her dues and indebtedness to that date have been paid. The interest of any member in the Club property, and liability on account of the Club, shall cease on his or her resignation or expulsion.

ARTICLE V.—DUES

Section 1. The entrance fee shall be One Hundred Dollars (\$100) for Resident members, and Fifty Dollars (\$50) for Non-Resident members.

Section 2. Resident and Non-Resident members shall pay dues semi-annually in advance, one-half March 1st and one-half September 1st, in each and every year, in the amount fixed by the Board of Governors from time to time according to the needs of the Club, but such dues shall not exceed Seventy-Five Dollars (\$75) per annum for Resident members or Thirty-Seven Dollars and Fifty Cents (\$37.50) per annum for Non-Resident members. Resi-

dent, Non-Resident and Life members shall also pay for the use of the golf course, tennis courts or squash courts, such rates for the day or season as the Board of Governors may from time to time fix.

Section 3. Members who shall be elected prior to the first day of June, or the first day of December in any year, shall be liable for the current semi-annual dues; but if elected after the first day of June, or the first day of December, they shall be liable for only one-half of the current semi-annual dues.

Section 4. If any member-elect fails to pay his or her entrance fee and dues within thirty days of his or her election, unless excused by the Board of Governors, such election shall be void, and his or her name shall not be again proposed within six months.

Section 5. Any member failing to pay his or her dues, assessments or other obligations for the period of one month after notice thereof shall cease to be a member of the Club, unless reinstated by the Board of Governors. Due notice of such obligations signed by the Treasurer and mailed to the member in default, at his or her last

known place of residence, shall be deemed sufficient for the purpose of this article.

Section 6. The Treasurer and Secretary shall be exempt from annual dues.

ARTICLE VI.—GUESTS

Section 1. Any member may introduce any person not less than seventeen (17) years of age and not eligible to resident membership under the provisions of the constitution, as a guest at such times and for such a number of days as the member may choose, not exceeding in the aggregate ten (10) days in six (6) months. The House Committee, however, may, if requested in writing by two members, extend the privileges of the Club to such guest at any time within such six (6) months, provided that no person shall be a guest for more than sixty (60) days in six (6) months.

Section 2. Any person residing or having a regular place of business or study within twenty miles of the City of Providence may be introduced as a guest not oftener than one day in four weeks.

Section 3. Members introducing guests or requesting an extension of time for any

guest shall be responsible for all indebtedness to the Club incurred by any such guest.

Section 4. Guests introduced by members shall have all the privileges of the Club-House and grounds, with the exception of playing golf, tennis, or any other games that may be designated from time to time by the Board of Governors. Permission to play such games may be obtained for guests on application to the Steward and payment of the fees fixed by the Board of Governors. The names of all persons introduced into the Club shall be registered, together with the names of the members introducing them, in a book kept for that purpose. The privileges of a guest may be terminated at any time at the discretion of the Board of Governors.

ARTICLE VII.—MEETINGS

Section 1. The annual meeting of the Club shall be held at the Club-House, or at such place as the Board of Governors may designate, on the third Tuesday of March in each year. The Secretary shall mail a written notice of such meeting to each member of the Club at least five (5) days before the date of such meeting. Eleven

(11) members present at any meeting of the Club shall constitute a quorum for the transaction of business.

Section 2. Special meetings of the Club shall be called by the President whenever requested to do so by a vote of the Board of Governors or upon written request of any five (5) members of the Club who are not members of the Board of Governors. No special meeting shall be held unless a written notice of such meeting shall have been mailed to each member of the Club at least five (5) days before such meeting; and no business shall be transacted at a special meeting except such as shall be specified in such notice. If the President shall neglect or refuse to call a special meeting when properly requested to do so, the Board of Governors shall call such a meeting.

ARTICLE VIII.—AMENDMENTS

This constitution may be amended at any meeting of the Club by a majority vote of the members, represented either in person or by proxy, provided notice of any proposed amendment shall be mailed to each member at his or her last known place of

residence at least five (5) days prior to such meeting.

No person shall be considered for membership until the proposer and seconder shall each have written a letter to the Secretary stating the qualifications of such person.

HOUSE RULES

Rule 1. The Club-House shall be open at 8 o'clock A. M. and shall be closed at 12 o'clock midnight, but if no members are in attendance at 8 P. M., the House shall be closed at that hour.

Dinner must be ordered before 7 P. M.

By permission of the House Committee the above hours may be extended.

Rule 2. Application for the use of the Club-House, either in whole or in part, for Club parties shall be made to the Steward at least twelve hours prior to the extended use. Charges therefor will be fixed from time to time by the House Committee and will be included in the monthly statement.

Rule 3. A resident guest must always be registered, except at private or Club entertainments, and must always be accompanied by the member introducing him. A non-resident guest must on his first visit to the Club be registered and accompanied by the member introducing him, but thereafter during a continuous stay in Providence or vicinity need not be accompanied by a

member, although he must register each time that he uses the golf course or tennis courts.

Members must register their guests immediately upon arrival at the Club-House. Guests using athletic facilities must be registered at the desks provided in the locker rooms, and other guests must be registered in the guest book in the living room.

Guests need not be registered at occasions which are exceptions to Article VI, Section 2, of the Constitution, i. e., private entertainments for which some member hires and pays for the use of the Club-House, and Club entertainments, such as Club dances, Memorial Day and Thanksgiving Day luncheons and open golf and tennis tournaments.

Rule 4. Members are not allowed to send servants out of the Club-House. No gratuity shall be given by any member to any person employed by the Club. Members violating this rule render the employee who received the gratuity liable to prompt discharge.

Rule 5. No dogs shall be permitted in the Club-House or on the grounds, excepting

dogs on leash. Dogs, however, may be left in the stable.

Rule 6. No notices, subscription papers or petitions except such as relate to the Club's affairs shall be posted, unless by permission of the House Committee.

Rule 7. Complaints and suggestions from members relating to House matters must be made to the Chairman of the House Committee on the blank forms provided for that purpose and deposited in the box.

Members are particularly requested not to criticise the Club's servants, or to discuss Club affairs in their presence, but should address such matters to the Steward or the House Committee.

Rules Regarding Children

Rule 8. The use of the athletic facilities of the Club by children of members not eligible for membership, i. e., under seventeen years of age, is permitted to the following extent:

Children of members may use the clay tennis courts any time, but must leave a court as soon as it is wanted by a member.

Any child may obtain from the Play Committee of the Golf Committee, a ticket to use the golf course except on holidays, Saturday afternoons and Sunday mornings, subject to rules prescribed by that Committee.

No charge will be made for the use of any of these athletic facilities.

Children will not be allowed in the grill room even if accompanied by a parent or other member.

State of Rhode Island, Etc.

I, Charles P. Bennett, Secretary of State, hereby certify that Walter Hidden, Howard Hoppin, Abram Barker, Charles L. A. Heiser and Edward Martin Guild have filed in the office of the Secretary of State, according to law, their agreement to form a corporation under the name of

AGAWAM HUNT

for the purpose of encouraging out-of-door sports and social culture in accordance with law, and have also filed the certificate of the General Treasurer that they have paid into the general treasury of the State the fee required by law.

WITNESS my hand and the seal of the State of Rhode Island, this 30th day of March in the year 1897.

CHARLES P. BENNETT,
Secretary of State.

CONSTITUTION

ARTICLE I.—NAME

This club shall be called the "AGAWAM HUNT."

ARTICLE II.—OBJECT

The "AGAWAM HUNT" is organized to encourage and furnish for its members out-of-door sports, and social intercourse, incidental to the same.

ARTICLE III. MANAGEMENT

Section 1. The business affairs and property of the Club shall be under the control and management of a Board of Governors composed of the President and six members of the Club elected as hereinafter provided.

OF THE PRESIDENT

Section 2. The President shall be elected at the regular annual meeting of the Club and shall serve for one year or until his successor is elected. He shall be ex-officio a member and Chairman of the Board of Governors; he shall preside at all meetings of the Club and of the Board of Governors and possess the powers and perform the duties usually incident to his office.

OF THE BOARD OF GOVERNORS

Section 3. At the annual election in March, 1900, six members of the Club shall be elected Governors, two of whom shall be elected to serve one year, two for two years, and two for three years, and thereafter at each annual meeting two Governors shall be elected who shall serve for three years or until their successors are elected.

At the first meeting of the Board of Governors after the annual election they shall elect from their own number a Vice-President, a Secretary and a Treasurer, who shall possess the powers and perform the duties usually incident to these offices. The Board of Governors shall have entire charge of the Club, its property and management, it shall elect all members, appoint all committees, delegating to them such powers as it shall see fit, fill all vacancies occurring during the year in the offices of the Club or their own numbers, such appointments to be only until the next annual meeting, and from time to time shall adopt by-laws for its own government and the government of the Club not inconsistent with this constitution. Four members shall constitute a quorum of the Board of Governors for the transaction of business.

ELECTION OF OFFICERS

Section 4. No person shall be eligible for election to any office at any meeting of the Club, unless his name shall have been proposed in writing to the Secretary as a candidate by five resident members of the Club, and posted on the bulletin-board, with the names of his proposers, for at least ten days before such meeting; but this article shall not apply to officers elected to fill vacancies caused by the removal of officers, as provided in Section 3 of this article.

ARTICLE IV.—MEMBERSHIP

Section 1. There shall be four classes of membership: (a) life, (b) resident, (c) non-resident, and (d) Army and Navy.

(a) Any member whose name shall have been on the resident list of the Club for ten (10) consecutive years, shall be entitled to become a life member upon the payment of an amount equal to ten times the annual dues for resident members in force at the time of the election of such person as a life member; provided that the number of life members of the Club at any time shall not exceed 10% of the limit of the resident membership at the time being in force. Whenever a member becomes a life member, a vacancy in the resident membership shall be created

thereby. Life members shall have the rights and privileges and be subject to all the penalties of resident members, but shall not be counted as resident members, and shall be forever exempt from all annual dues.

(b) The resident membership shall be limited to five hundred (500) or such larger number up to six hundred (600) as the Board of Governors shall set from time to time by resolution, provided, however, that the Board of Governors may increase the limit only at times when the waiting lists warrant such action. This limitation, however, shall not at any time prevent non-resident members from becoming resident members or former members of the Club from being elected to membership. But if, by reason of the transfer of a non-resident member or the election of a former member, the resident membership shall equal or exceed the limit in effect at the time, then no resident member or members shall be elected until the total number of resident members shall again fall below the limit of membership as set by the Board of Governors.

(c)* Any person residing more than twenty (20) miles from the City of Providence may become a non-resident member of the Club; provided, how-

*For interpretation refer to Board of Governors Rules.

ever, that non-resident members shall be proposed, balloted for and elected in the same manner as resident members. Non-resident members shall hold no office in the Club and shall have no vote or voice in its meetings. Living for four (4) or more consecutive months within the twenty (20) mile limit shall be considered evidence of residence within the meaning of this section. When a non-resident member shall, by change of residence, become liable to the charges of resident membership, such member may become a resident member on application to the Board of Governors, provided permission is given by the Board, and payment of the difference between the amount paid by such member as entrance fee and the amount of entrance fee for resident membership, and the difference between resident and non-resident dues from the date of his or her transfer, at the time of such application for transfer. If, however, such member shall fail to make such application or to pay the difference between such entrance fees, such member shall not be entitled to any of the privileges of the Club so long as he or she shall remain liable to the charges of resident membership. When a resident member or an Army and Navy member shall change his or her residence to a point beyond the twenty (20) mile limit, such member may, on written application to the Board of Governors, be transferred to non-resident membership as of the date

next following when the semi-annual dues become payable, and shall then become a non-resident member, shall pay non-resident dues, and have only the privileges of non-resident members.

(d) Any officer in the Army and Navy of the United States and the wife of any such officer may become an Army and Navy member of the Club; provided, however, that such members shall be proposed, balloted for and elected in the same manner as resident members. Army and Navy members shall be exempt from the payment of entrance fees, but any Army and Navy member residing within twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as resident members, and any Army and Navy member residing more than twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as non-resident members. Army and Navy members shall hold no office in the Club and shall have no voice or vote at its meetings. There shall be no limit to the number of Army and Navy members and they shall not be counted as resident members.

(e) Any person shall be eligible for membership who is over seventeen (17) years of age. Persons not seventeen (17) years of age may be admitted to the

privileges of the Club under such rules and regulations as the Board of Governors may prescribe.

Section 2. Any candidate for membership must be proposed and seconded in writing by two members of the Club, each of whom shall have written a letter to the Secretary, stating the qualifications of such person, and may become a member upon unanimous election by the members of the Board of Governors present at any meeting, and payment of entrance fee and annual dues as hereinafter provided. No candidate for membership, however, shall be voted upon unless such candidate be personally known to at least one member of the Board of Governors present at the time of the consideration of such name.

Section 3. Names of candidates for membership must be sent with names of proposer and seconder in writing to the Secretary, whose duty it shall be to present same to the Board of Governors and upon their approval post same for one week in the Club-House prior to the time of their election.

Section 4. The Board of Governors may, by a six-sevenths vote of its members, suspend any member of the Club for such time as they may deem fit, or expel him or her altogether, but such member shall have at least ten days' notice of any proposition to expel or suspend said member, together with a copy of the charges preferred against him; shall be entitled

to be heard by the Board and to produce before the Board such evidence in his or her defence as may be desired, before final action is taken; and the Board shall, upon written complaint against any member, addressed to the President, and signed by ten members of the Club, not also members of the Board, at a special meeting of the Board called by the President for the purpose, after giving at least ten days' notice to the complainants and to the accused, and furnishing the accused with a copy of the complaint, with the names of the complainants, at least ten days previous to the hearing, hear such evidence as the complainants have to offer, and the defence of the accused, and upon consideration of the same they may suspend or expel the member, subject to an appeal to the Club by the member so suspended or expelled.

Section 5. Any member suspended or expelled from the Club by a decision of the Board of Governors, may appeal therefrom to a special meeting of the Club, which the President shall call on the written request of ten members of the Club, not also members of the Board. And at such meeting, after a hearing given to both parties, the Club may, provided a majority of the members of the Club be present in person or by proxy, by a two-thirds vote of those so present, reverse the decision of the Board of Governors and reinstate the member.

Section 6. The Board of Governors shall accept the resignation of a member, to take effect from the date of its presentation, provided the Treasurer certifies that all his or her dues and indebtedness to that date have been paid. The interest of any member in the Club property, and liability on account of the Club, shall cease on his or her resignation or expulsion.

ARTICLE V.—DUES

Section 1. The entrance fee shall be One Hundred and Fifty Dollars (\$150) for Resident members, and Seventy-five Dollars (\$75) for Non-Resident members. The Board of Governors may, however, provide from time to time by general rule for smaller entrance fees or no entrance fees for former members who shall be re-elected as Resident or Non-Resident Members.

Section 2. Resident and non-resident members shall pay dues semi-annually in advance, one-half January 1st and one-half July 1st in each and every year, in the amount fixed by the Board of Governors from time to time, according to the needs of the Club, but such dues shall not exceed One Hundred Dollars (\$100) per annum for resident members or Fifty Dollars (\$50) per annum for non-resident members. Resident, non-resident and life members shall also pay for the use of the golf course, tennis courts or squash courts, such rates for the day or season as the Board of Governors may from time to time fix.

Section 3. Members who shall be elected between the first day of January and the first day of April or between the first day of July and the first day of October in any year shall be liable for the current semi-annual dues, but if elected between the first day of April and the first day of July, or between the first day of October and the end of December, they shall be liable for only one-half of the current semi-annual dues.

Section 4. If any member-elect fails to pay his or her entrance fee and dues within thirty days of his or her election, unless excused by the Board of Governors, such election shall be void, and his or her name shall not be again proposed within six months.

Section 5. Any member failing to pay his or her dues, assessments or other obligations for the period of one month after notice thereof shall cease to be a member of the Club, unless reinstated by the Board of Governors. Due notice of such obligations, signed by the Treasurer and mailed to the member in default, at his or her last known place of residence, shall be deemed sufficient for the purpose of this article.

Section 6. The Treasurer and Secretary shall be exempt from annual dues.

ARTICLE VI.—GUESTS

Section 1. Resident and non-resident guests may

be introduced in accordance with rules passed from time to time by the Board of Governors.

Section 2. Members introducing guests or requesting an extension of time for any guest shall be responsible for all indebtedness to the Club incurred by any such guest.

Section 3. Guests introduced by members shall have all the privileges of the Club House and grounds, with the exception of playing golf, tennis, or any other games that may be designated from time to time by the Board of Governors. Permission to play such games may be obtained for guests on application to the Steward and payment of the fees fixed by the Board of Governors. The names of all persons introduced into the Club shall be registered, together with the names of the members introducing them, in a book kept for that purpose. The privileges of a guest may be terminated at any time at the discretion of the Board of Governors.

ARTICLE VII.—MEETINGS

Section 1. The annual meeting of the Club shall be held on the Fourth Tuesday of January in each year at the Club House or at such place as the Board of Governors may designate. The Secretary shall mail a written notice of such meeting to each member of the Club at least five (5) days before the date of such meeting. Eleven (11) members present at any

meeting of the Club shall constitute a quorum for the transaction of business.

Section 2. Special meetings of the Club shall be called by the President whenever requested to do so by a vote of the Board of Governors or upon written request of any five (5) members of the Club who are not members of the Board of Governors. No special meeting shall be held unless a written notice of such meeting shall have been mailed to each member of the Club at least five (5) days before such meeting; and no business shall be transacted at a special meeting except such as shall be specified in such notice. If the President shall neglect or refuse to call a special meeting when properly requested to do so, the Board of Governors shall call such a meeting.

ARTICLE VIII.—AMENDMENTS

This constitution may be amended at any meeting of the Club by a majority vote of the members, represented either in person or by proxy, provided notice of any proposed amendment shall be mailed to each member at his or her last known place of residence at least five (5) days prior to such meeting.

No person shall be considered for membership until the proposer and seconder shall each have written a letter to the Secretary stating the qualifications of such person.

BOARD OF GOVERNORS' RULES

Interpretation of Article IV, Sec. 1 (c)

The Board of Governors interprets Article IV, Sec. 1 (c) and other pertinent provisions of the Constitution to permit the adoption of the following rules, which are hereby adopted for the guidance of the Board.

1. A person regularly attending a school or college more than twenty (20) miles from the City of Providence is eligible for non-resident membership even if his or her parents' home is in the City of Providence or within 20 miles of the City of Providence. But it is the policy of the Board not to elect any such person a non-resident member unless his or her name is proposed at least two years before the expected termination of his or her course at such school or college.

2. Living for four (4) or more consecutive months within the twenty (20) mile limit is considered evidence of residence, but not the exclusive test of residence, in regard to eligibility for non-resident membership. Thus a person who usually lives within the twenty (20) mile limit is considered ineligible for non-resident membership, even if he does not live within the twenty-mile limit for four or more consecutive months. Legal domicile is not necessarily considered the equivalent of residence.

3. If a non-resident member comes to live regularly within the twenty (20) mile limit, either because of change of residence or termination of a course of study, he or she should immediately notify the Secretary of his change of residence and apply for transfer to resident membership. For the purpose of determining the amount of additional dues payable, the transfer of any person from non-resident to resident membership shall, regardless of the date of application for transfer or the date of action by the Board, be deemed effective as of the first of January, April, July or October, whichever comes next after the change of residence or termination of study. If the Secretary or the Board has reason to believe that any non-resident member has ceased to be a non-resident within the meaning of the Constitution and these By-Laws, the Secretary shall request the member to state the facts in regard to his or her residence and plans, and the Board shall decide whether the member is entitled to continue as a non-resident member. If the Board shall decide that the member is not entitled to continue as a non-resident member, the Secretary shall notify the member of its conclusion and may, without formal application for transfer, notify the member that he or she must pay the amount necessary to become a resident member or forfeit membership in the Club; and if within one month after such notification, the mem-

ber pays such amount, he or she shall automatically become a resident member without further action by the Board, but if he fails to pay such amount, he may be dropped from membership by the Board.

Rule 1. The Club House shall be open at 8 o'clock A. M. and shall be closed at 12 o'clock midnight, but if no members are in attendance at 8 P. M., the House may be closed at that hour.

Dinner must be ordered before 8 P. M.

By permission of the House Committee the above hours may be extended.

Rule 2. Application for the use of the Club House, either in whole or in part, for private parties shall be made to the Steward in writing at least twelve hours prior to the time desired. Charges therefor will be fixed from time to time by the House Committee and will be included in the monthly statement. Any member desiring to decorate the Club for private entertainments shall obtain from the Steward permission for the scheme of decoration desired.

Rule 3. Any member may introduce any person, not less than seventeen (17) years of age and not eligible for resident membership, under the provisions of the Constitution and By-Laws, as a guest at such times and for such a number of days as the member may choose, not exceeding in the aggregate ten (10)

days in six (6) months. The House Committee, however, may, if requested in writing by two members, extend the privileges of the Club to such guest at any time within such six (6) months, provided that no person shall be a guest for more than ninety (90) days in six months, and not more than one such extension shall be granted within any six months.

Any person eligible for resident membership may be introduced as a guest not oftener than one (1) day in four (4) weeks.

A resident guest must be registered and must always be accompanied by the member introducing him. A non-resident guest must on his first visit to the Club be registered and accompanied by the member introducing him, but thereafter during a continuous stay in Providence or vicinity need not be accompanied by a member.

Members must register their guests immediately upon arrival at the Club House. Guests using athletic facilities must be registered at the desks provided in the locker rooms, or in case of golf may be registered at the caddy house, and other guests must be registered in the guest book in the living room.

Guests need not be registered at private entertainments for which some member hires and pays for the use of the Club House, or at open golf and tennis tournaments.

Rule 4. Members are not allowed to send servants out of the Club House. No gratuity shall be given by any member to any person employed by the Club. Members violating this rule render the employee who received the gratuity liable to prompt discharge.

Rule 5. No dogs shall be permitted in the Club House. Dogs are permitted on the grounds only if on leash. Dogs may be left in the stable.

Rule 6. No notices, subscription papers or petitions except such as relate to the Club's affairs shall be posted, unless by permission of the House Committee.

Rule 7. Complaints and suggestions from members relating to House matters must be made to the Chairman of the House Committee.

Members are particularly requested not to criticise the Club's servants, or to discuss Club affairs in their presence, but should address such matters to the Steward or the House Committee.

Rules Regarding Children

Rule 8. The use of athletic facilities of the Club by children of members, not eligible for membership, i. e., under seventeen years of age, is permitted to the following extent:

Children of members may use the clay tennis courts at any time, but must leave a court as soon as it is wanted by a member.

Any child may obtain from the Play Committee of the Golf Committee, a ticket to use the golf course except on holidays, Saturday afternoons and Sunday mornings, subject to rules prescribed by that Committee.

No charge will be made for the use of any of these athletic facilities.

State of Rhode Island, Etc.

I, Charles P. Bennett, Secretary of State, hereby certify that Walter Hidden, Howard Hoppin, Abram Barker, Charles L. A. Heiser and Edward Martin Guild have filed in the office of the Secretary of State, according to law, their agreement to form a corporation under the name of

AGAWAM HUNT

for the purpose of encouraging out-of-door sports and social culture in accordance with law, and have also filed the certificate of the General Treasurer that they have paid into the general treasury of the State the fee required by law.

WITNESS my hand and the seal of the State of Rhode Island, this 30th day of March in the year 1897.

CHARLES P. BENNETT,
Secretary of State.

CONSTITUTION

ARTICLE I.—NAME

This club shall be called the “AGAWAM HUNT.”

ARTICLE II.—OBJECT

The “AGAWAM HUNT” is organized to encourage and furnish for its members out-of-door sports, and social intercourse, incidental to the same.

ARTICLE III. MANAGEMENT

Section 1. The business affairs and property of the Club shall be under the control and management of a Board of Governors composed of the President and six members of the Club elected as hereinafter provided.

OF THE PRESIDENT

Section 2. The President shall be elected at the regular annual meeting of the Club and shall serve for one year or until his successor is elected. He shall be ex-officio a member and Chairman of the Board of Governors; he shall preside at all meetings of the Club and of the Board of Governors and possess the powers and perform the duties usually incident to his office.

OF THE BOARD OF GOVERNORS

Section 3. At the annual election in March, 1900, six members of the Club shall be elected Governors, two of whom shall be elected to serve one year, two for two years, and two for three years, and thereafter at each annual meeting two Governors shall be elected who shall serve for three years or until their successors are elected.

At the first meeting of the Board of Governors after the annual election they shall elect from their own number a Vice-President, a Secretary and a Treasurer, who shall possess the powers and perform the duties usually incident to these offices. The Board of Governors shall have entire charge of the Club, its property and management, it shall elect all members, appoint all committees, delegating to them such powers as it shall see fit, fill all vacancies occurring during the year in the offices of the Club or their own numbers, such appointments to be only until the next annual meeting, and from time to time shall adopt by-laws for its own government and the government of the Club not inconsistent with this constitution. Four members shall constitute a quorum of the Board of Governors for the transaction of business.

ELECTION OF OFFICERS

Section 4. No person shall be eligible for election to any office at any meeting of the Club, unless his name shall have been proposed in writing to the Secretary as a candidate by five resident members of the Club, and posted on the bulletin-board, with the names of his proposers, for at least ten days before such meeting; but this article shall not apply to officers elected to fill vacancies caused by the removal of officers, as provided in Section 3 of this article.

ARTICLE IV.—MEMBERSHIP

Section 1. There shall be four classes of membership: (a) life, (b) resident, (c) non-resident, and (d) Army and Navy.

(a) Any member whose name shall have been on the resident list of the Club for ten (10) consecutive years, shall be entitled to become a life member upon the payment of an amount equal to ten times the annual dues for resident members in force at the time of the election of such person as a life member; provided that the number of life members of the Club at any time shall not exceed 10% of the limit of the resident membership at the time being in force. Whenever a member becomes a life member, a vacancy in the resident membership shall be created

thereby. Life members shall have the rights and privileges and be subject to all the penalties of resident members, but shall not be counted as resident members, and shall be forever exempt from all annual dues.

(b) The resident membership shall be limited to five hundred (500) or such larger number up to six hundred (600) as the Board of Governors shall set from time to time by resolution, provided, however, that the Board of Governors may increase the limit only at times when the waiting lists warrant such action. This limitation, however, shall not at any time prevent non-resident members from becoming resident members or former members of the Club from being elected to membership. But if, by reason of the transfer of a non-resident member or the election of a former member, the resident membership shall equal or exceed the limit in effect at the time, then no resident member or members shall be elected until the total number of resident members shall again fall below the limit of membership as set by the Board of Governors.

(c)* Any person residing more than twenty (20) miles from the City of Providence may become a non-resident member of the Club; provided, how-

*For interpretation refer to Board of Governors Rules.

ever, that non-resident members shall be proposed, balloted for and elected in the same manner as resident members. Non-resident members shall hold no office in the Club and shall have no vote or voice in its meetings. Living for four (4) or more consecutive months within the twenty (20) mile limit shall be considered evidence of residence within the meaning of this section. When a non-resident member shall, by change of residence, become liable to the charges of resident membership, such member may become a resident member on application to the Board of Governors, provided permission is given by the Board, and payment of the difference between the amount paid by such member as entrance fee and the amount of entrance fee for resident membership, and the difference between resident and non-resident dues from the date of his or her transfer, at the time of such application for transfer. If, however, such member shall fail to make such application or to pay the difference between such entrance fees, such member shall not be entitled to any of the privileges of the Club so long as he or she shall remain liable to the charges of resident membership. When a resident member or an Army and Navy member shall change his or her residence to a point beyond the twenty (20) mile limit, such member may, on written application to the Board of Governors, be transferred to non-resident membership as of the date

next following when the semi-annual dues become payable, and shall then become a non-resident member, shall pay non-resident dues, and have only the privileges of non-resident members.

(d) Any officer in the Army and Navy of the United States and the wife of any such officer may become an Army and Navy member of the Club; provided, however, that such members shall be proposed, balloted for and elected in the same manner as resident members. Army and Navy members shall be exempt from the payment of entrance fees, but any Army and Navy member residing within twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as resident members, and any Army and Navy member residing more than twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as non-resident members. Army and Navy members shall hold no office in the Club and shall have no voice or vote at its meetings. There shall be no limit to the number of Army and Navy members and they shall not be counted as resident members.

(e) Any person shall be eligible for membership who is over seventeen (17) years of age. Persons not seventeen (17) years of age may be admitted to the

privileges of the Club under such rules and regulations as the Board of Governors may prescribe.

Section 2. Any candidate for membership must be proposed and seconded in writing by two members of the Club, each of whom shall have written a letter to the Secretary, stating the qualifications of such person, and may become a member upon unanimous election by the members of the Board of Governors present at any meeting, and payment of entrance fee and annual dues as hereinafter provided. No candidate for membership, however, shall be voted upon unless such candidate be personally known to at least one member of the Board of Governors present at the time of the consideration of such name.

Section 3. Names of candidates for membership must be sent with names of proposer and seconder in writing to the Secretary, whose duty it shall be to present same to the Board of Governors and upon their approval post same for one week in the Club-House prior to the time of their election.

Section 4. The Board of Governors may, by a six-sevenths vote of its members, suspend any member of the Club for such time as they may deem fit, or expel him or her altogether, but such member shall have at least ten days' notice of any proposition to expel or suspend said member, together with a copy of the charges preferred against him; shall be entitled

to be heard by the Board and to produce before the Board such evidence in his or her defence as may be desired, before final action is taken; and the Board shall, upon written complaint against any member, addressed to the President, and signed by ten members of the Club, not also members of the Board, at a special meeting of the Board called by the President for the purpose, after giving at least ten days' notice to the complainants and to the accused, and furnishing the accused with a copy of the complaint, with the names of the complainants, at least ten days previous to the hearing, hear such evidence as the complainants have to offer, and the defence of the accused, and upon consideration of the same they may suspend or expel the member, subject to an appeal to the Club by the member so suspended or expelled.

Section 5. Any member suspended or expelled from the Club by a decision of the Board of Governors, may appeal therefrom to a special meeting of the Club, which the President shall call on the written request of ten members of the Club, not also members of the Board. And at such meeting, after a hearing given to both parties, the Club may, provided a majority of the members of the Club be present in person or by proxy, by a two-thirds vote of those so present, reverse the decision of the Board of Governors and reinstate the member.

Section 6. The Board of Governors shall accept the resignation of a member, to take effect from the date of its presentation, provided the Treasurer certifies that all his or her dues and indebtedness to that date have been paid. The interest of any member in the Club property, and liability on account of the Club, shall cease on his or her resignation or expulsion.

ARTICLE V.—DUES

Section 1. The entrance fee shall be One Hundred and Fifty Dollars (\$150) for Resident members, and Seventy-five Dollars (\$75) for Non-Resident members. The Board of Governors may, however, provide from time to time by general rule for smaller entrance fees or no entrance fees for former members who shall be re-elected as Resident or Non-Resident Members.

Section 2. Resident and non-resident members shall pay dues semi-annually in advance, one-half January 1st and one-half July 1st in each and every year, in the amount fixed by the Board of Governors from time to time, according to the needs of the Club, but such dues shall not exceed One Hundred Dollars (\$100) per annum for resident members or Fifty Dollars (\$50) per annum for non-resident members. Resident, non-resident and life members shall also pay for the use of the golf course, tennis courts or squash courts, such rates for the day or season as the Board of Governors may from time to time fix.

Section 3. Members who shall be elected between the first day of January and the first day of April or between the first day of July and the first day of October in any year shall be liable for the current semi-annual dues, but if elected between the first day of April and the first day of July, or between the first day of October and the end of December, they shall be liable for only one-half of the current semi-annual dues.

Section 4. If any member-elect fails to pay his or her entrance fee and dues within thirty days of his or her election, unless excused by the Board of Governors, such election shall be void, and his or her name shall not be again proposed within six months.

Section 5. Any member failing to pay his or her dues, assessments or other obligations for the period of one month after notice thereof shall cease to be a member of the Club, unless reinstated by the Board of Governors. Due notice of such obligations, signed by the Treasurer and mailed to the member in default, at his or her last known place of residence, shall be deemed sufficient for the purpose of this article.

Section 6. The Treasurer and Secretary shall be exempt from annual dues.

ARTICLE VI.—GUESTS

Section 1. Resident and non-resident guests may

be introduced in accordance with rules passed from time to time by the Board of Governors.

Section 2. Members introducing guests or requesting an extension of time for any guest shall be responsible for all indebtedness to the Club incurred by any such guest.

Section 3. Guests introduced by members shall have all the privileges of the Club House and grounds, with the exception of playing golf, tennis, or any other games that may be designated from time to time by the Board of Governors. Permission to play such games may be obtained for guests on application to the Steward and payment of the fees fixed by the Board of Governors. The names of all persons introduced into the Club shall be registered, together with the names of the members introducing them, in a book kept for that purpose. The privileges of a guest may be terminated at any time at the discretion of the Board of Governors.

ARTICLE VII.—MEETINGS

Section 1. The annual meeting of the Club shall be held on the Fourth Tuesday of January in each year at the Club House or at such place as the Board of Governors may designate. The Secretary shall mail a written notice of such meeting to each member of the Club at least five (5) days before the date of such meeting. Eleven (11) members present at any

meeting of the Club shall constitute a quorum for the transaction of business.

Section 2. Special meetings of the Club shall be called by the President whenever requested to do so by a vote of the Board of Governors or upon written request of any five (5) members of the Club who are not members of the Board of Governors. No special meeting shall be held unless a written notice of such meeting shall have been mailed to each member of the Club at least five (5) days before such meeting; and no business shall be transacted at a special meeting except such as shall be specified in such notice. If the President shall neglect or refuse to call a special meeting when properly requested to do so, the Board of Governors shall call such a meeting.

ARTICLE VIII.—AMENDMENTS

This constitution may be amended at any meeting of the Club by a majority vote of the members, represented either in person or by proxy, provided notice of any proposed amendment shall be mailed to each member at his or her last known place of residence at least five (5) days prior to such meeting.

No person shall be considered for membership until the proposer and seconder shall each have written a letter to the Secretary stating the qualifications of such person.

BOARD OF GOVERNORS' RULES

Interpretation of Article IV, Sec. 1 (c)

The Board of Governors interprets Article IV, Sec. 1 (c) and other pertinent provisions of the Constitution to permit the adoption of the following rules, which are hereby adopted for the guidance of the Board.

1. A person regularly attending a school or college more than twenty (20) miles from the City of Providence is eligible for non-resident membership even if his or her parents' home is in the City of Providence or within 20 miles of the City of Providence. But it is the policy of the Board not to elect any such person a non-resident member unless his or her name is proposed at least two years before the expected termination of his or her course at such school or college.

2. Living for four (4) or more consecutive months within the twenty (20) mile limit is considered evidence of residence, but not the exclusive test of residence, in regard to eligibility for non-resident membership. Thus a person who usually lives within the twenty (20) mile limit is considered ineligible for non-resident membership, even if he does not live within the twenty-mile limit for four or more consecutive months. Legal domicile is not necessarily considered the equivalent of residence.

3. If a non-resident member comes to live regularly within the twenty (20) mile limit, either because of change of residence or termination of a course of study, he or she should immediately notify the Secretary of his change of residence and apply for transfer to resident membership. For the purpose of determining the amount of additional dues payable, the transfer of any person from non-resident to resident membership shall, regardless of the date of application for transfer or the date of action by the Board, be deemed effective as of the first of January, April, July or October, whichever comes next after the change of residence or termination of study. If the Secretary or the Board has reason to believe that any non-resident member has ceased to be a non-resident within the meaning of the Constitution and these By-Laws, the Secretary shall request the member to state the facts in regard to his or her residence and plans, and the Board shall decide whether the member is entitled to continue as a non-resident member, If the Board shall decide that the member is not entitled to continue as a non-resident member, the Secretary shall notify the member of its conclusion and may, without formal application for transfer, notify the member that he or she must pay the amount necessary to become a resident member or forfeit membership in the Club; and if within one month after such notification, the

member pays such amount, he or she shall automatically become a resident member without further action by the Board, but if he fails to pay such amount, he may be dropped from membership by the Board.

Rule 1. The Club House shall be open at 8 o'clock A. M. and shall be closed at 12 o'clock midnight, but if no members are in attendance at 8 P. M., the House may be closed at that hour.

Dinner must be ordered before 8 P. M.

By permission of the House Committee the above hours may be extended.

Rule. 2. "Permission for the use of the Club House, either in whole or in part, for private parties must be obtained from the House Committee under such regulations and at such rates as it may from time to time prescribe. The rates will take into consideration the extent and the duration of the use of the Club House and the expense to which the Club is put.

The member on whose application the use of the Club House for a private party is granted shall be responsible to the Club for all charges incurred and all damages.

Application for such use should ordinarily be made to the Steward at least twenty-four hours prior to the time desired. Any member desiring to decorate the Club for private entertainments shall obtain from the Steward permission for the scheme of decoration desired".

Rule 3. Any member may introduce any person, not less than seventeen (17) years of

age and not eligible for resident membership, under the provisions of the Constitution and By-Laws, as a guest at such times and for such a number of days as the member may choose, not exceeding in the aggregate ten (10) days in six (6) months. The House Committee, however, may, if requested in writing by two members, extend the privileges of the Club to such guest at any time within such six (6) months, provided that no person shall be a guest for more than ninety (90) days in six months, and not more than one such extension shall be granted within any six months.

Any person eligible for resident membership may be introduced as a guest not oftener than one (1) day in four (4) weeks.

A resident guest must be registered and must always be accompanied by the member introducing him. A non-resident guest must on his first visit to the Club be registered and accompanied by the member introducing him, but thereafter during a continuous stay in Providence or vicinity need not be accompanied by a member.

Members must register their guests immediately upon arrival at the Club House. Guests using athletic facilities must be registered at the desks provided in the locker rooms, or in case of golf may be registered at the caddy house, and other guests must be registered in the guest book in the living room.

Guests need not be registered at private entertainments for which some member hires and pays for the use of the Club House, or at open golf and tennis tournaments.

Rule 4. Members are not allowed to send servant out of the Club House. No gratuity shall be given by any member to any person employed by the Club. Members violating this rule render the employee who received the gratuity liable to prompt discharge.

Rule 5. No dogs shall be permitted in the Club House. Dogs are permitted on the grounds only if on leash. Dogs may be left in the stable.

Rule 6. No notices, subscription papers or petitions except such as relate to the Club's affairs shall be posted, unless by permission of the House Committee.

Rule 7. Complaints and suggestions from members relating to House matters must be made to the Chairman of the House Committee.

Members are particularly requested not to criticise the Club's servants, or to discuss Club affairs in their presence, but should address such matters to the Steward or the House Committee.

Rules Regarding Children

Rule 8. The use of athletic facilities of the Club by children of members, not eligible for membership, i. e., under seventeen years of age, is permitted to the following extent:

Children of members may use the clay tennis courts at any time, but must leave a court as soon as it is wanted by a member.

Any child may obtain from the Play Committee of the Golf Committee, a ticket to use the golf course except on holidays, Saturday afternoons and Sunday mornings, subject to rules prescribed by that Committee.

No charge will be made for the use of any of these athletic facilities.

State of Rhode Island, Etc.

I, Charles P. Bennett, Secretary of State, hereby certify that Walter Hidden, Howard Hoppin, Abram Barker, Charles L. A. Heiser and Edward Martin Guild have filed in the office of the Secretary of State, according to law, their agreement to form a corporation under the name of

AGAWAM HUNT

for the purpose of encouraging out-of-door sports and social culture in accordance with law, and have also filed the certificate of the General Treasurer that they have paid into the general treasury of the State the fee required by law.

WITNESS my hand and the seal of the State of Rhode Island, this 30th day of March in the year 1897.

CHARLES P. BENNETT,
Secretary of State.

CONSTITUTION

ARTICLE I.—NAME

This club shall be called the “AGAWAM HUNT.”

ARTICLE II.—OBJECT

The “AGAWAM HUNT” is organized to encourage and furnish for its members out-of-door sports, and social intercourse, incidental to the same.

ARTICLE III.—MANAGEMENT

Section 1. The business affairs and property of the Club shall be under the control and management of a Board of Governors composed of the President and six members of the Club elected as hereinafter provided.

OF THE PRESIDENT

Section 2. The President shall be elected at the regular annual meeting of the Club and shall serve for one year or until his successor is elected. He shall be ex-officio a member and Chairman of the Board of Governors; he shall preside at all meetings of the Club and of the Board of Governors and possess the powers and perform the duties usually incident to his office.

OF THE BOARD OF GOVERNORS

Section 3. At the annual election in March, 1900, six members of the Club shall be elected Governors, two of whom shall be elected to serve one year, two for two years, and two for three years, and thereafter at each annual meeting two Governors shall be elected who shall serve for three years or until their successors are elected.

At the first meeting of the Board of Governors after the annual election they shall elect from their own number a Vice-President, a Secretary and a Treasurer, who shall possess the powers and perform the duties usually incident to these offices. The Board of Governors shall have entire charge of the Club, its property and management, it shall elect all members, appoint all committees, delegating to them such powers as it shall see fit, fill all vacancies occurring during the year in the offices of the Club or their own numbers, such appointments to be only until the next annual meeting, and from time to time shall adopt by-laws for its own government and the government of the Club not inconsistent with this constitution. Four members shall constitute a quorum of the Board of Governors for the transaction of business.

ELECTION OF OFFICERS

Section 4. No person shall be eligible for election to any office at any meeting of the Club, unless his name shall have been proposed in writing to the Secretary as a candidate by five resident members of the Club, and posted on the bulletin-board, with the names of his proposers, for at least ten days before such meeting; but this article shall not apply to officers elected to fill vacancies caused by the removal of officers, as provided in Section 3 of this article.

ARTICLE IV.---MEMBERSHIP

Section 1. There shall be four classes of membership: (a) life, (b) resident, (c) non-resident, and (d) Army and Navy.

(a) Any member whose name shall have been on the resident list of the Club for ten (10) consecutive years, shall be entitled to become a life member upon the payment of an amount equal to ten times the annual dues for resident members in force at the time of the election of such person as a life member; provided that the number of life members of the Club at any time shall not exceed 10% of the limit of the resident membership at the time being in force. Whenever a member becomes a life member, a vacancy in the resident membership shall be created

thereby. Life members shall have the rights and privileges and be subject to all the penalties of resident members, but shall not be counted as resident members, and shall be forever exempt from all annual dues.

(b) The resident membership shall be limited to five hundred (500) or such larger number up to six hundred (600) as the Board of Governors shall set from time to time by resolution, provided, however, that the Board of Governors may increase the limit only at times when the waiting lists warrant such action. This limitation, however, shall not at any time prevent non-resident members from becoming resident members or former members of the Club from being elected to membership. But if, by reason of the transfer of a non-resident member or the election of a former member, the resident membership shall equal or exceed the limit in effect at the time, then no resident member or members shall be elected until the total number of resident members shall again fall below the limit of membership as set by the Board of Governors.

(c)* Any person residing more than twenty (20) miles from the City of Providence may become a non-resident member of the Club; provided, how-

*For interpretation refer to Board of Governors Rules.

ever, that non-resident members shall be proposed, balloted for and elected in the same manner as resident members. Non-resident members shall hold no office in the Club and shall have no vote or voice in its meetings. Living for four (4) or more consecutive months within the twenty (20) mile limit shall be considered evidence of residence within the meaning of this section. When a non-resident member shall, by change of residence, become liable to the charges of resident membership, such member may become a resident member on application to the Board of Governors, provided permission is given by the Board, and payment of the difference between the amount paid by such member as entrance fee and the amount of entrance fee for resident membership, and the difference between resident and non-resident dues from the date of his or her transfer, at the time of such application for transfer. If, however, such member shall fail to make such application or to pay the difference between such entrance fees, such member shall not be entitled to any of the privileges of the Club so long as he or she shall remain liable to the charges of resident membership. When a resident member or an Army and Navy member shall change his or her residence to a point beyond the twenty (20) mile limit, such member may, on written application to the Board of Governors, be transferred to non-resident membership as of the date

next following when the semi-annual dues become payable, and shall then become a non-resident member, shall pay non-resident dues, and have only the privileges of non-resident members.

(d) Any officer in the Army and Navy of the United States and the wife of any such officer may become an Army and Navy member of the Club; provided, however, that such members shall be proposed, balloted for and elected in the same manner as resident members. Army and Navy members shall be exempt from the payment of entrance fees, but any Army and Navy member residing within twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as resident members, and any Army and Navy member residing more than twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as non-resident members. Army and Navy members shall hold no office in the Club and shall have no voice or vote at its meetings. There shall be no limit to the number of Army and Navy members and they shall not be counted as resident members.

(e) Any person shall be eligible for membership who is over seventeen (17) years of age. Persons not seventeen (17) years of age may be admitted to the privileges of the Club under such rules and regulations as the Board of Governors may prescribe.

Section 2. Any candidate for membership must be proposed and seconded in writing by two members of the Club, each of whom shall have written a letter to the Secretary, stating the qualifications of such person, and may become a member upon unanimous election by the members of the Board of Governors present at any meeting, and payment of entrance fee and annual dues as hereinafter provided. No candidate for membership, however, shall be voted upon unless such candidate be personally known to at least one member of the Board of Governors present at the time of the consideration of such name.

Section 3. Names of candidates for membership must be sent with names of proposer and seconder in writing to the Secretary, whose duty it shall be to present same to the Board of Governors and upon their approval post same for one week in the Club-House prior to the time of their election.

Section 4. The Board of Governors may, by a six-sevenths vote of its members, suspend any member of the Club for such time as they may deem fit, or expel him or her altogether, but such member shall have at least ten days' notice of any proposition to expel or suspend said member, together with a copy of the charges preferred against him; shall be entitled to be heard by the Board and to produce before the Board such evidence in his or her defence as may be

desired, before final action is taken; and the Board shall, upon written complaint against any member, addressed to the President, and signed by ten members of the Club, not also members of the Board, at a special meeting of the Board called by the President for the purpose, after giving at least ten days' notice to the complainants and to the accused, and furnishing the accused with a copy of the complaint, with the names of the complainants, at least ten days previous to the hearing, hear such evidence as the complainants have to offer, and the defence of the accused, and upon consideration of the same they may suspend or expel the member, subject to an appeal to the Club by the member so suspended or expelled.

Section 5. Any member suspended or expelled from the Club by a decision of the Board of Governors, may appeal therefrom to a special meeting of the Club, which the President shall call on the written request of ten members of the Club, not also members of the Board. And at such meeting, after a hearing given to both parties, the Club may, provided a majority of the members of the Club be present in person or by proxy, by a two-thirds vote of those so present, reverse the decision of the Board of Governors and reinstate the member.

Section 6. The Board of Governors shall accept the resignation of a member, to take effect from the date of its presentation, provided the Treasurer certifies that all his or her dues and indebtedness to that date have been paid. The interest of any member in

the Club property, and liability on account of the Club, shall cease on his or her resignation or expulsion.

ARTICLE V.—DUES

Section 1. The entrance fees for newly elected members shall be in the amount fixed by the Board of Governors from time to time, but no entrance fees shall exceed One Hundred Dollars (\$100.00) for resident members, or Fifty Dollars (\$50.00) for non-resident members. Within these limits the Board of Governors from time to time may fix entrance fees in different amounts for persons of different ages, and may also provide for different entrance fees or no entrance fees for former members who shall be re-elected as resident or non-resident members.

Section 2. Resident and non-resident members shall pay dues semi-annually in advance, one-half January 1st and one-half July 1st in each and every year, in the amount fixed by the Board of Governors from time to time, according to the needs of the Club, but such dues shall not exceed One Hundred Dollars (\$100.00) per annum for resident members or Fifty Dollars (\$50.00) per annum for non-resident members. Within these limits the Board of Governors from time to time may fix dues in different amounts for persons of different ages. Resident, non-resident and life members shall also pay for the use of the golf course, tennis courts or squash courts, such rates for the day or season as the Board of Governors may from time to time fix.

Section 3. Members who shall be elected between the first day of January and the first day of April or between the first day of July and the first day of October in any year shall be liable for the current semi-annual dues, but if elected between the first day of April and the first day of July, or between the first day of October and the end of December, they shall be liable for only one-half of the current semi-annual dues.

Section 4. If any member-elect fails to pay his or her entrance fee and dues within thirty days of his or her election, unless excused by the Board of Governors, such election shall be void, and his or her name shall not be again proposed within six months.

Section 5. Any member failing to pay his or her dues, assessments or other obligations for the period of one month after notice thereof shall cease to be a member of the Club, unless reinstated by the Board of Governors. Due notice of such obligations, signed by the Treasurer and mailed to the member in default, at his or her last known place of residence, shall be deemed sufficient for the purpose of this article.

Section 6. The Treasurer and Secretary shall be exempt from annual dues.

Section 7. During a war or other national emergency the Board of Governors may remit all or any part of the current dues, or other assessments, of any

resident or non-resident member who is engaged in the military, naval or other armed services of the United States.

ARTICLE VI.—GUESTS

Section 1. Resident and non-resident guests may be introduced in accordance with rules passed from time to time by the Board of Governors.

Section 2. Members introducing guests or requesting an extension of time for any guest shall be responsible for all indebtedness to the Club incurred by any such guest.

Section 3. Guests introduced by members shall have all the privileges of the Club House and grounds, with the exception of playing golf, tennis, or any other games that may be designated from time to time by the Board of Governors. Permission to play such games may be obtained for guests on application to the Steward and payment of the fees fixed by the Board of Governors. The names of all persons introduced into the Club shall be registered, together with the names of the members introducing them, in a book kept for that purpose. The privileges of a guest may be terminated at any time at the discretion of the Board of Governors.

ARTICLE VII.—MEETINGS

Section 1. The annual meeting of the Club shall be held on the Fourth Tuesday of January in each year at the Club House or at such place as the Board of Governors may designate. The Secretary shall mail a written notice of such meeting to each member

of the Club at least five (5) days before the date of such meeting. Eleven (11) members present at any meeting of the Club shall constitute a quorum for the transaction of business.

Section 2. Special meetings of the Club shall be called by the President whenever requested to do so by a vote of the Board of Governors or upon written request of any five (5) members of the Club who are not members of the Board of Governors. No special meeting shall be held unless a written notice of such meeting shall have been mailed to each member of the Club at least five (5) days before such meeting; and no business shall be transacted at a special meeting except such as shall be specified in such notice. If the President shall neglect or refuse to call a special meeting when properly requested to do so, the Board of Governors shall call such a meeting.

ARTICLE VIII.—AMENDMENTS

This constitution may be amended at any meeting of the Club by a majority vote of the members, represented either in person or by proxy, provided notice of any proposed amendment shall be mailed to each member at his or her last known place of residence at least five (5) days prior to such meeting.

No person shall be considered for membership until the proposer and seconder shall each have written a letter to the Secretary stating the qualifications of such person.

BOARD OF GOVERNORS' RULES

Interpretation of Article IV, Sec. 1 (c)

The Board of Governors interprets Article IV, Sec. 1 (c) and other pertinent provisions of the Constitution to permit the adoption of the following rules, which are hereby adopted for the guidance of the Board.

1. A person regularly attending a school or college more than twenty (20) miles from the City of Providence is eligible for non-resident membership even if his or her parents' home is in the City of Providence or within 20 miles of the City of Providence. But it is the policy of the Board not to elect any such person a non-resident member unless his or her name is proposed at least two years before the expected termination of his or her course at such school or college.

2. Living for four (4) or more consecutive months within the twenty (20) mile limit is considered evidence of residence, but not the exclusive test of residence, in regard to eligibility for non-resident membership. Thus a person who usually lives within the twenty (20) mile limit is considered ineligible for non-resident membership, even if he does not live within the twenty-mile limit for four or more consecutive months. Legal domicile is not necessarily considered the equivalent of residence.

3. If a non-resident member comes to live regularly within the twenty (20) mile limit, either because of change of residence or termination of a course of study, he or she should immediately notify the Secretary of his change of residence and apply for transfer to resident membership. For the purpose of determining the amount of additional dues payable, the transfer of any person from non-resident to resident membership shall, regardless of the date of application for transfer or the date of action by the Board, be deemed effective as of the first of January, April, July or October, whichever comes next after the change of residence or termination of study. If the Secretary or the Board has reason to believe that any non-resident member has ceased to be a non-resident within the meaning of the Constitution and these By-Laws, the Secretary shall request the member to state the facts in regard to his or her residence and plans, and the Board shall decide whether the member is entitled to continue as a non-resident member. If the Board shall decide that the member is not entitled to continue as a non-resident member, the Secretary shall notify the member of its conclusion and may, without formal application for transfer, notify the member that he or she must pay the amount necessary to become a resident member or forfeit membership in the Club; and if within one month after such notification, the mem-

ber pays such amount, he or she shall automatically become a resident member without further action by the Board, but if he fails to pay such amount, he may be dropped from membership by the Board.

Rule 1. The Club House shall be open at 8 o'clock A. M. and shall be closed at 12 o'clock midnight, but if no members are in attendance at 8 P. M., the House may be closed at that hour.

Dinner must be ordered before 8 P. M.

By permission of the House Committee the above hours may be extended.

Rule 2. Permission for the use of the Club House, either in whole or in part, for private parties must be obtained from the House Committee under such regulations and at such rates as it may from time to time prescribe. The rates will take into consideration the extent and the duration of the use of the Club House and the expense to which the Club is put.

The member on whose application the use of the Club House for a private party is granted shall be responsible to the Club for all charges incurred and all damages.

Application for such use should ordinarily be made to the Steward at least twenty-four hours prior to the time desired. Any member desiring to decorate the Club for private entertainments shall obtain from the

Steward permission for the scheme of decoration desired.

Rule 3. Any member may introduce any person, not less than seventeen (17) years of age and not eligible for resident membership, under the provisions of the Constitution and By-Laws, as a guest at such times and for such a number of days as the member may choose, not exceeding in the aggregate ten (10) days in six (6) months. The House Committee, however, may, if requested in writing by two members, extend the privileges of the Club to such guest at any time within such six (6) months, provided that no person shall be a guest for more than ninety (90) days in six months, and not more than one such extension shall be granted within any six months.

Any person eligible for resident membership may be introduced as a guest not oftener than one (1) day in four (4) weeks.

A resident guest must be registered and must always be accompanied by the member introducing him. A non-resident guest must on his first visit to the Club be registered and accompanied by the member introducing him, but thereafter during a continuous stay in Providence or vicinity need not be accompanied by a member.

Members must register their guests immediately upon arrival at the Club House. Guests using ath-

letic facilities must be registered at the desks provided in the locker rooms, or in case of golf may be registered at the caddy house, and other guests must be registered in the guest book in the living room.

Guests need not be registered at private entertainments for which some member hires and pays for the use of the Club House, or at open golf and tennis tournaments.

Rule 4. Members are not allowed to send servants out of the Club House. No gratuity shall be given by any member to any person employed by the Club. Members violating this rule render the employee who received the gratuity liable to prompt discharge.

Rule 5. No dogs shall be permitted in the Club House. Dogs are permitted on the grounds only if on leash. Dogs may be left in the stable.

Rule 6. No notices, subscription papers or petitions except such as relate to the Club's affairs shall be posted, unless by permission of the House Committee.

Rule 7. Complaints and suggestions from members relating to House matters must be made to the Chairman of the House Committee.

Members are particularly requested not to criticise the Club's servants, or to discuss Club affairs in their presence, but should address such matters to the Steward or the House Committee.

Rules Regarding Children

Rule 8. The use of athletic facilities of the Club by children of members, not eligible for membership, i. e., under seventeen years of age, is permitted to the following extent:

Children of members may use the clay tennis courts at any time, but must leave a court as soon as it is wanted by a member.

Any child may obtain from the Play Committee of the Golf Committee, a ticket to use the golf course except on holidays, Saturday afternoons and Sunday mornings, subject to rules prescribed by that Committee.

No charge will be made for the use of any of these athletic facilities.

State of Rhode Island, Etc.

I, Charles P. Bennett, Secretary of State, hereby certify that Walter Hidden, Howard Hoppin, Abram Barker, Charles L. A. Heiser and Edward Martin Guild have filed in the office of the Secretary of State, according to law, their agreement to form a corporation under the name of

AGAWAM HUNT

for the purpose of encouraging out-of-door sports and social culture in accordance with law, and have also filed the certificate of the General Treasurer that they have paid into the general treasury of the State the fee required by law.

WITNESS my hand and the seal of the State of Rhode Island, this 30th day of March in the year 1897.

CHARLES P. BENNETT,
Secretary of State.

CONSTITUTION

ARTICLE I.—NAME

This club shall be called the "AGAWAM HUNT."

ARTICLE II.—OBJECT

The "AGAWAM HUNT" is organized to encourage and furnish for its members out-of-door sports, and social intercourse, incidental to the same.

ARTICLE III.—MANAGEMENT

Section 1. The business affairs and property of the Club shall be under the control and management of a Board of Governors composed of the President and six members of the Club elected as hereinafter provided.

OF THE PRESIDENT

Section 2. The President shall be elected at the regular annual meeting of the Club and shall serve for one year or until his successor is elected. He shall be ex-officio a member and Chairman of the Board of Governors; he shall preside at all meetings of the Club and of the Board of Governors and possess the powers and perform the duties usually incident to his office.

OF THE BOARD OF GOVERNORS

Section 3. At the annual election in March, 1900, six members of the Club shall be elected Governors, two of whom shall be elected to serve one year, two for two years, and two for three years, and thereafter at each annual meeting two Governors shall be elected who shall serve for three years or until their successors are elected.

At the first meeting of the Board of Governors after the annual election they shall elect from their own number a Vice-President, a Secretary and a Treasurer, who shall possess the powers and perform the duties usually incident to these offices. The Board of Governors shall have entire charge of the Club, its property and management, it shall elect all members, appoint all committees, delegating to them such powers as it shall see fit, fill all vacancies occurring during the year in the offices of the Club or their own numbers, such appointments to be only until the next annual meeting, and from time to time shall adopt by-laws for its own government and the government of the Club not inconsistent with this constitution. Four members shall constitute a quorum of the Board of Governors for the transaction of business.

ELECTION OF OFFICERS

Section 4. No person shall be eligible for election to any office at any meeting of the Club, unless his name shall have been proposed in writing to the Secretary as a candidate by five resident members of the Club, and posted on the bulletin-board, with the names of his proposers, for at least ten days before such meeting; but this article shall not apply to officers elected to fill vacancies caused by the removal of officers, as provided in Section 3 of this article.

ARTICLE IV.—MEMBERSHIP

Section 1. There shall be four classes of membership: (a) life, (b) resident, (c) non-resident, and (d) Army and Navy.

(a) Any member whose name shall have been on the resident list of the Club for ten (10) consecutive years, shall be entitled to become a life member upon the payment of an amount equal to ten times the annual dues for resident members in force at the time of the election of such person as a life member; provided that the number of life members of the Club at any time shall not exceed 10% of the limit of the resident membership at the time being in force. Whenever a member becomes a life member, a vacancy in the resident membership shall be created

thereby. Life members shall have the rights and privileges and be subject to all the penalties of resident members, but shall not be counted as resident members, and shall be forever exempt from all annual dues.

(b) The resident membership shall be limited to five hundred (500) or such larger number up to six hundred (600) as the Board of Governors shall set from time to time by resolution, provided, however, that the Board of Governors may increase the limit only at times when the waiting lists warrant such action. This limitation, however, shall not at any time prevent non-resident members from becoming resident members or former members of the Club from being elected to membership. But if, by reason of the transfer of a non-resident member or the election of a former member, the resident membership shall equal or exceed the limit in effect at the time, then no resident member or members shall be elected until the total number of resident members shall again fall below the limit of membership as set by the Board of Governors.

(c)* Any person residing more than twenty (20) miles from the City of Providence may become a non-resident member of the Club; provided, how-

*For interpretation refer to Board of Governors Rules.

ever, that non-resident members shall be proposed, balloted for and elected in the same manner as resident members. Non-resident members shall hold no office in the Club and shall have no vote or voice in its meetings. Living for four (4) or more consecutive months within the twenty (20) mile limit shall be considered evidence of residence within the meaning of this section. When a non-resident member shall, by change of residence, become liable to the charges of resident membership, such member may become a resident member on application to the Board of Governors, provided permission is given by the Board, and payment of the difference between the amount paid by such member as entrance fee and the amount of entrance fee for resident membership, and the difference between resident and non-resident dues from the date of his or her transfer, at the time of such application for transfer. If, however, such member shall fail to make such application or to pay the difference between such entrance fees, such member shall not be entitled to any of the privileges of the Club so long as he or she shall remain liable to the charges of resident membership. When a resident member or an Army and Navy member shall change his or her residence to a point beyond the twenty (20) mile limit, such member may, on written application to the Board of Governors, be transferred to non-resident membership as of the date

next following when the semi-annual dues become payable, and shall then become a non-resident member, shall pay non-resident dues, and have only the privileges of non-resident members.

(d) Any officer in the Army and Navy of the United States and the wife of any such officer may become an Army and Navy member of the Club; provided, however, that such members shall be proposed, balloted for and elected in the same manner as resident members. Army and Navy members shall be exempt from the payment of entrance fees, but any Army and Navy member residing within twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as resident members, and any Army and Navy member residing more than twenty (20) miles from the City of Providence shall pay dues and all other charges in the same amounts and at the same times as non-resident members. Army and Navy members shall hold no office in the Club and shall have no voice or vote at its meetings. There shall be no limit to the number of Army and Navy members and they shall not be counted as resident members.

(e) Any person shall be eligible for membership who is over seventeen (17) years of age. Persons not seventeen (17) years of age may be admitted to the privileges of the Club under such rules and regulations as the Board of Governors may prescribe.

Section 2. Any candidate for membership must be proposed and seconded in writing by two members of the Club, each of whom shall have written a letter to the Secretary, stating the qualifications of such person, and may become a member upon unanimous election by the members of the Board of Governors present at any meeting, and payment of entrance fee and annual dues as hereinafter provided. No candidate for membership, however, shall be voted upon unless such candidate be personally known to at least one member of the Board of Governors present at the time of the consideration of such name.

Section 3. Names of candidates for membership must be sent with names of proposer and seconder in writing to the Secretary, whose duty it shall be to present same to the Board of Governors and upon their approval post same for one week in the Club-House prior to the time of their election.

Section 4. The Board of Governors may, by a six-sevenths vote of its members, suspend any member of the Club for such time as they may deem fit, or expel him or her altogether, but such member shall have at least ten days' notice of any proposition to expel or suspend said member, together with a copy of the charges preferred against him; shall be entitled to be heard by the Board and to produce before the Board such evidence in his or her defence as may be

desired, before final action is taken; and the Board shall, upon written complaint against any member, addressed to the President, and signed by ten members of the Club, not also members of the Board, at a special meeting of the Board called by the President for the purpose, after giving at least ten days' notice to the complainants and to the accused, and furnishing the accused with a copy of the complaint, with the names of the complainants, at least ten days previous to the hearing, hear such evidence as the complainants have to offer, and the defence of the accused, and upon consideration of the same they may suspend or expel the member, subject to an appeal to the Club by the member so suspended or expelled.

Section 5. Any member suspended or expelled from the Club by a decision of the Board of Governors, may appeal therefrom to a special meeting of the Club, which the President shall call on the written request of ten members of the Club, not also members of the Board. And at such meeting, after a hearing given to both parties, the Club may, provided a majority of the members of the Club be present in person or by proxy, by a two-thirds vote of those so present, reverse the decision of the Board of Governors and reinstate the member.

Section 6. The Board of Governors shall accept the resignation of a member, to take effect from the date of its presentation, provided the Treasurer certifies that all his or her dues and indebtedness to that date have been paid. The interest of any member in

the Club property, and liability on account of the Club, shall cease on his or her resignation or expulsion.

ARTICLE V.—DUES

Section 1. The entrance fees for newly elected members shall be in the amount fixed by the Board of Governors from time to time, but no entrance fees shall exceed One Hundred Dollars (\$100.00) for resident members, or Fifty Dollars (\$50.00) for non-resident members. Within these limits the Board of Governors from time to time may fix entrance fees in different amounts for persons of different ages, and may also provide for different entrance fees or no entrance fees for former members who shall be re-elected as resident or non-resident members.

Section 2. Resident and non-resident members shall pay dues semi-annually in advance, one-half January 1st and one-half July 1st in each and every year, in the amount fixed by the Board of Governors from time to time, according to the needs of the Club, but such dues shall not exceed One Hundred Dollars (\$100.00) per annum for resident members or Fifty Dollars (\$50.00) per annum for non-resident members. Within these limits the Board of Governors from time to time may fix dues in different amounts for persons of different ages. Resident, non-resident and life members shall also pay for the use of the golf course, tennis courts or squash courts, such rates for the day or season as the Board of Governors may from time to time fix.

Section 3. Members who shall be elected between the first day of January and the first day of April or between the first day of July and the first day of October in any year shall be liable for the current semi-annual dues, but if elected between the first day of April and the first day of July, or between the first day of October and the end of December, they shall be liable for only one-half of the current semi-annual dues.

Section 4. If any member-elect fails to pay his or her entrance fee and dues within thirty days of his or her election, unless excused by the Board of Governors, such election shall be void, and his or her name shall not be again proposed within six months.

Section 5. Any member failing to pay his or her dues, assessments or other obligations for the period of one month after notice thereof shall cease to be a member of the Club, unless reinstated by the Board of Governors. Due notice of such obligations, signed by the Treasurer and mailed to the member in default, at his or her last known place of residence, shall be deemed sufficient for the purpose of this article.

Section 6. The Treasurer and Secretary shall be exempt from annual dues.

Section 7. During a war or other national emergency the Board of Governors may remit all or any part of the current dues, or other assessments, of any

resident or non-resident member who is engaged in the military, naval or other armed services of the United States.

ARTICLE VI.—GUESTS

Section 1. Resident and non-resident guests may be introduced in accordance with rules passed from time to time by the Board of Governors.

Section 2. Members introducing guests or requesting an extension of time for any guest shall be responsible for all indebtedness to the Club incurred by any such guest.

Section 3. Guests introduced by members shall have all the privileges of the Club House and grounds, with the exception of playing golf, tennis, or any other games that may be designated from time to time by the Board of Governors. Permission to play such games may be obtained for guests on application to the Steward and payment of the fees fixed by the Board of Governors. The names of all persons introduced into the Club shall be registered, together with the names of the members introducing them, in a book kept for that purpose. The privileges of a guest may be terminated at any time at the discretion of the Board of Governors.

ARTICLE VII.—MEETINGS

Section 1. The annual meeting of the Club shall be held on the Fourth Tuesday of January in each year at the Club House or at such place as the Board of Governors may designate. The Secretary shall mail a written notice of such meeting to each member

of the Club at least five (5) days before the date of such meeting. Eleven (11) members present at any meeting of the Club shall constitute a quorum for the transaction of business.

Section 2. Special meetings of the Club shall be called by the President whenever requested to do so by a vote of the Board of Governors or upon written request of any five (5) members of the Club who are not members of the Board of Governors. No special meeting shall be held unless a written notice of such meeting shall have been mailed to each member of the Club at least five (5) days before such meeting; and no business shall be transacted at a special meeting except such as shall be specified in such notice. If the President shall neglect or refuse to call a special meeting when properly requested to do so, the Board of Governors shall call such a meeting.

ARTICLE VIII.—AMENDMENTS

This constitution may be amended at any meeting of the Club by a majority vote of the members, represented either in person or by proxy, provided notice of any proposed amendment shall be mailed to each member at his or her last known place of residence at least five (5) days prior to such meeting.

No person shall be considered for membership until the proposer and seconder shall each have written a letter to the Secretary stating the qualifications of such person.

BOARD OF GOVERNORS' RULES

Interpretation of Article IV, Sec. 1 (c)

The Board of Governors interprets Article IV, Sec. 1 (c) and other pertinent provisions of the Constitution to permit the adoption of the following rules, which are hereby adopted for the guidance of the Board.

1. A person regularly attending a school or college more than twenty (20) miles from the City of Providence is eligible for non-resident membership even if his or her parents' home is in the City of Providence or within 20 miles of the City of Providence. But it is the policy of the Board not to elect any such person a non-resident member unless his or her name is proposed at least two years before the expected termination of his or her course at such school or college.

2. Living for four (4) or more consecutive months within the twenty (20) mile limit is considered evidence of residence, but not the exclusive test of residence, in regard to eligibility for non-resident membership. Thus a person who usually lives within the twenty (20) mile limit is considered ineligible for non-resident membership, even if he does not live within the twenty-mile limit for four or more consecutive months. Legal domicile is not necessarily considered the equivalent of residence.

3. If a non-resident member comes to live regularly within the twenty (20) mile limit, either because of change of residence or termination of a course of study, he or she should immediately notify the Secretary of his change of residence and apply for transfer to resident membership. For the purpose of determining the amount of additional dues payable, the transfer of any person from non-resident to resident membership shall, regardless of the date of application for transfer or the date of action by the Board, be deemed effective as of the first of January, April, July or October, whichever comes next after the change of residence or termination of study. If the Secretary or the Board has reason to believe that any non-resident member has ceased to be a non-resident within the meaning of the Constitution and these By-Laws, the Secretary shall request the member to state the facts in regard to his or her residence and plans, and the Board shall decide whether the member is entitled to continue as a non-resident member. If the Board shall decide that the member is not entitled to continue as a non-resident member, the Secretary shall notify the member of its conclusion and may, without formal application for transfer, notify the member that he or she must pay the amount necessary to become a resident member or forfeit membership in the Club; and if within one month after such notification, the mem-

ber pays such amount, he or she shall automatically become a resident member without further action by the Board, but if he fails to pay such amount, he may be dropped from membership by the Board.

Rule 1. The Club House shall be open at 8 o'clock A. M. and shall be closed at 12 o'clock midnight, but if no members are in attendance at 8 P. M., the House may be closed at that hour.

Dinner must be ordered before 8 P. M.

By permission of the House Committee the above hours may be extended.

Rule 2. Permission for the use of the Club House, either in whole or in part, for private parties must be obtained from the House Committee under such regulations and at such rates as it may from time to time prescribe. The rates will take into consideration the extent and the duration of the use of the Club House and the expense to which the Club is put.

The member on whose application the use of the Club House for a private party is granted shall be responsible to the Club for all charges incurred and all damages.

Application for such use should ordinarily be made to the Steward at least twenty-four hours prior to the time desired. Any member desiring to decorate the Club for private entertainments shall obtain from the

Steward permission for the scheme of decoration desired.

Rule 3. Any member may introduce any person, not less than seventeen (17) years of age and not eligible for resident membership, under the provisions of the Constitution and By-Laws, as a guest at such times and for such a number of days as the member may choose, not exceeding in the aggregate ten (10) days in six (6) months. The House Committee, however, may, if requested in writing by two members, extend the privileges of the Club to such guest at any time within such six (6) months, provided that no person shall be a guest for more than ninety (90) days in six months, and not more than one such extension shall be granted within any six months.

Any person eligible for resident membership may be introduced as a guest not oftener than one (1) day in four (4) weeks.

A resident guest must be registered and must always be accompanied by the member introducing him. A non-resident guest must on his first visit to the Club be registered and accompanied by the member introducing him, but thereafter during a continuous stay in Providence or vicinity need not be accompanied by a member.

Members must register their guests immediately upon arrival at the Club House. Guests using ath-

letic facilities must be registered at the desks provided in the locker rooms, or in case of golf may be registered at the caddy house, and other guests must be registered in the guest book in the living room.

Guests need not be registered at private entertainments for which some member hires and pays for the use of the Club House, or at open golf and tennis tournaments.

Rule 4. Members are not allowed to send servants out of the Club House. No gratuity shall be given by any member to any person employed by the Club. Members violating this rule render the employee who received the gratuity liable to prompt discharge.

Rule 5. No dogs shall be permitted in the Club House. Dogs are permitted on the grounds only if on leash. Dogs may be left in the stable.

Rule 6. No notices, subscription papers or petitions except such as relate to the Club's affairs shall be posted, unless by permission of the House Committee.

Rule 7. Complaints and suggestions from members relating to House matters must be made to the Chairman of the House Committee.

Members are particularly requested not to criticise the Club's servants, or to discuss Club affairs in their presence, but should address such matters to the Steward or the House Committee.

Rules Regarding Children

Rule 8. The use of athletic facilities of the Club by children of members, not eligible for membership, i. e., under seventeen years of age, is permitted to the following extent:

Children of members may use the clay tennis courts at any time, but must leave a court as soon as it is wanted by a member.

Any child may obtain from the Play Committee of the Golf Committee, a ticket to use the golf course except on holidays, Saturday afternoons and Sunday mornings, subject to rules prescribed by that Committee.

No charge will be made for the use of any of these athletic facilities.
